Materials: carbon fibre

Finishes: any paint colour on request
"True Fire" finish (option)

DHC 36 Blue Light

"CAMAC's new 'DHC' model is the ultimate crossover instrument for everything from Celtic to Rock! Light enough to wear comfortably throughout a full-length show, gorgeous on stage and fascinating to audiences, this harp inspired me to create new musical-theater works, 'In the Wings,' 'Honey, I Shrunk the Harp!' and 'Electra's Lyre' - which use electric harp as the sole accompaniment! Aside from its 11-pound weight, and spectacular appearance, producers, recording engineers and theater sound-techs are in love with its rich, resonant, even sound. For me, this is THE crossover instrument of the 21st century!"

Deborah Henson-Conant
